Detachable Controller

The control head can be detached from the main unit for flexible installation. Magnets allow the controller to attach to the mobile mounting bracket or other metallic objects.

Compact Body with Large Display

The ID-880H has a compact body, but a large LCD display. At 64×20.7 mm (2.17/32×1.3/16 in), the LCD offers an excellent viewing angle suitable for mobile operation. Green, yellow and amber display backlighting is available. Select the color you like!

Max. 50 Ch/sec. High Speed Scan

The ID-880H has a maximum scanning speed of 50 channels per second while in program scan mode. This scanning power allows the utmost efficiency when searching a wide frequency range.

Other Features

- 50W* output power both VHF/UHF band*25W for Taiwan version.
- Built-in noise filter (AM/FM mode)
- Data and 9600/1200bps packet jacks on the rear panel
- ±2.5ppm frequency stability
- Adjustable microphone sensitivity
